..Strike at ship-breaking yard at Along Gujarat

1638. SHRI CHIMANBHAI MEHTA : Will the Minister of STEEL AND MINES be pleased to state;

(a) whether it is a fact that since 2nd September, 1985 ship breakers at Alang in Gujarat have stopped breaking ships;

(b) if so, what are the reasons for this "strike" and how many workers are affected and what is the estimated loss of revenue on this account;

(c) whether there is any dispute regarding interpretation of *ad valorem* duty on imported ship for the purpose of breaking them; if so, what are the details thereof;

(d) whether it is a fact that ship breaking is interpreted as manufacturing and therefore attracts excise to the tune of 98 per cent of the cost of the imported ship;

(e) whether it is also a fact that scrap from ship breaking is cheaper as compared to imported scrap; and

(f) what is the revenue collected from ship breakers during the last three years?

THE MINISTER OF STEEL AND MINES (SHRI K. C. PANT): (a) and (b) The Ship-breaking units at Alang in Gujarat closed down from 5th to 7th September, 1985 and again from 16th September, 1985 indefinitely in protest against Central Excise notice requiring ship-breaking units to obtain licences under Central Excise and Salt Act. About 10,000 workers are directly employed for ship-breaking at Alang. There is no direct loss of revenue to the Government.

(c) Disputes on the interpretation of countervailing Excise duty has led to several court cases.

(d) Yes, Sir. Government has recognised ship-breaking as an industrial activity. Excise duty chargeable on steel rerollable scrap recoveries is Rs. 365/- per tonne and on recoveries of non-ferrous it is at the rate of Rs. 3300/- per tonne.

(e) The market price of scrap from ship-breaking is not lower than that of imported scrap.

(f) The information is being collected and will be laid on th Table of the House.
